

## Tanker Applicators

### Optional Extras:

- Anti-drip system
- LS load-sensing hydraulics
- Touch screen operating system
- Can be supplied with Skate Board for JD Harvest Lab
- Smart Spread Flow meter compatible with 10' Tablet or ISOBUS

## Mastek Hybrid Dribble Bar

Hybrid Dribble Bar is a tanker chassis mounted dribble bar, available in 8m, 10m and 12m.

### Features:

- Integrated Mastek SuperCut Macerator
- Fits any tanker with linkage
- Hydraulic folding mechanism
- Hydraulic break-away arms
- Junction Box filling points and splashplate
- 100% galvanised
- Easy access stone trap

## Product Specifications

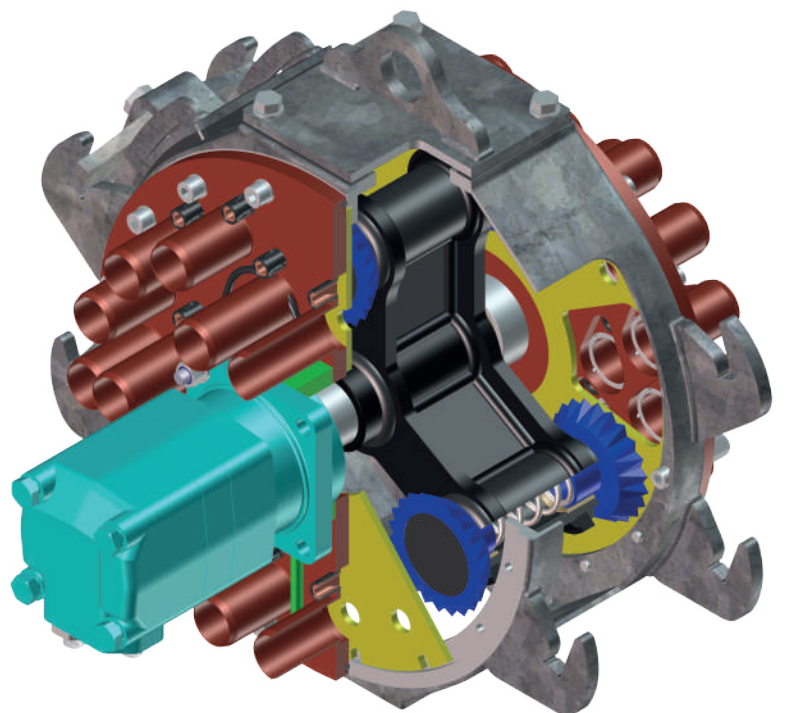

Working Width	Transport Height	Closed Width	No. of Outlets	Weight	Depth
8m	3.7m	2.2m	30	660kg	1.2m
10m	3.2m	2.35m	40	855kg	1.3m
12m	3.2m	2.35m	48	1050kg	1.3m

## Mastek Super Cut Macerator

All Mastek products are fitted with Mastek Super Cut Macerator. It will macerate and distribute evenly with our 48 outlet macerator, even on the most hilly conditions. This is achieved by our air breather one-way valves, which are uniquely placed above every outlet pipe. This valve sucks in the air as the serrated knife-cutters pass by each outlet, allowing the slurry to flow without resistance or air-locking. This system gives a  $\pm 98\%$  accurate distribution. Each sideplate screen can be supplied with various hole sizes to increase and decrease the slurry flow.

### Features:

- Capable of cutting high-fibre slurry
- Even outlet distribution
- 2.5m of long-life combined cutter blades edge
- Individual air breathers for each outlet pipe
- Available in 40mm & 45mm tube with 28,30, 40 or 48 outlets
- Low maintenance
- Easy access door
- Hydraulic motor protection
